RE: LETTER OF RECOMMENDATION FOR HITECH DATA GROUP LIMITED

This letter serves to recommend Hitech Data Group Limited based on the professional services they provided to JKUAT Enterprises Limited.

We engaged Hitech Data Group Limited to provide server data recovery services following a critical data loss incident for one of our clients Throughout the engagement, the team demonstrated professionalism, technical competence and a strong commitment to delivering quality service. Their approach to the recovery process was systematic, transparent and aligned with industry's best practices.

The team maintained clear communication throughout the engagement, providing timely updates on the progress of the recovery process while ensuring the confidentiality and integrity of our data. Their expertise and responsiveness contributed significantly to addressing our requirements in a professional and efficient manner.

Based on our experience, we are confident in recommending Hitech Data Group Limited for data recovery services. We believe they possess the technical capability, professionalism, and commitment required to deliver high-quality services to other organizations.

We wish Hitech Data Group continued success in their future engagements.

Signed,

Mr. Martin Muange
Head of Consultancy
