RE: LETTER OF RECOMMENDATION FOR Hi Tech Data Group™

The Salaries and Remuneration Commission (SRC) is pleased to provide this recommendation for **Hi Tech Data Group™** in recognition of the professional services delivered during a critical data recovery assignment.

In **September 2025**, **Hi Tech Data Group™** was engaged to undertake the recovery of essential data from a server environment comprising **sixteen RAID 5 drives** following a storage failure. The complexity of the configuration required advanced technical expertise, precision, and careful management of the recovery process.

The team demonstrated exceptional professionalism and technical capability throughout the assignment. Their approach was structured and thorough, with a strong focus on maintaining data confidentiality, integrity, and security at every stage.

Communication during the engagement was handled effectively, with regular updates provided and technical matters explained clearly. Their responsiveness and commitment contributed greatly to the successful execution of the recovery exercise.

We are pleased to recommend **Hi Tech Data Group™** as a capable and reliable provider of server data recovery, digital forensics, cybersecurity, and specialized IT services. Their professionalism and expertise make them a valuable partner for organizations dealing with complex technology challenges.

We wish **Hi Tech Data Group™** continued success in their future endeavors.

Yours faithfully,

Eugene Waluvengo
Head of ICT
Salaries and Remuneration Commission (SRC)
